

The Sky's No Limit - 2026

World's largest Aviation, Aerospace, Marine & Defence outreach event

*Inspiring female future leaders from shop floor to top floor
in high-tech fields with incredible, FREE, hands-on experience events.*

Equipment, Services & Supplies WISH LIST

Our free outreach events keep growing every year because of an unprecedented international partnership of forward-thinking agency and industry leaders that have put their full support behind this Canadian signature event over the past fourteen years. These agency and industry leaders annually contribute several billion dollars in hands-on assets to make this outreach event successful, impactful and meaningful to thousands of participants from all walks of life. Recruiting is just one of the many returns on their collective investment. **The smiles last a lifetime!**

IN-KIND SUPPORT URGENTLY NEEDED! Aside from financial partners, we rely heavily on many businesses, organizations and individuals that contribute hundreds of thousands of dollars worth of the many in-kind equipment, supplies and services needed to offer an event of this scope and magnitude and keep it entirely free for all who attend. Without this incredible level of community support, this free event would be impossible for our non-profit foundation to offer.

We urge you to check the wish list below to see if you, or anyone in your network can assist with one or more items or perhaps combine your resources with others to make up the total of any item. Alternatively we welcome your sponsorship by purchasing the item(s) and/or service(s) on our behalf, in support of our event.

We recognize community contributions on our website, social media, event program and summary report. Formal financial partnerships with branding benefits are also available. If you'd prefer to make a general donation, either in lieu of or in addition to in-kind support, please visit sheisanything.ca/donate.html, or email us: info@sheisanything.ca and let us know how you'd like to help.
